

General Traffic Controls presents ... The 2017 Traffic Signal Seminar Series.

Two Day Seminar:

Tuesday, January 10, 2017

Wednesday, January 11, 2017

Or

Tuesday, January 24, 2017

Wednesday, January 25, 2017

**All seminars are 9AM - 4PM
2915 11th Ave SW
Spencer, IA**

Please register by clicking the link below

This 2-day seminar has a strong emphasis on issues faced by the signal technician or installer when at a cabinet. Practical discussions on cabinet wiring, flashing indications, detectors, LED signals, field wiring, timeclocks, preemption and fundamentals of traffic signal timing make this seminar useful to anyone responsible for signal and cabinet operations, maintenance, documentation and troubleshooting.

[Register Here](#)

Day One:

Cabinet Maintenance: We will focus on cabinet maintenance: Preventative Maintenance, Trouble Shooting (Flashing Indications, Monitor Testing, Wiring, Event Logs, etc.). We will also be discussing Operations, Signal Timing, Documentation and How to Read a Print. We will also cover Management of Systems; when to repair and when to replace.

Emerging Technology: We will be looking at what has or is changing in the industry and how it affects you. The expectation is that you will have a basic understanding of the

technology and definitions. When your City Administrators, Mayor or City Council people start hearing about these things you will already know about them and have the resources to move forward. Changes in detection, classifications, communications, power management as well as Connected Vehicle, V2I and Autonomous vehicle technologies.

Day Two:

Maintenance Beyond the Cabinet: We will be focusing on maintaining ancillary equipment: Detection (video, loops, etc.), Power Management (UPS, BBU), Communications, Poles, Mast Arms, Buttons, Safety Equipment (RRFB's, HAWK, Flashing Beacons, High Water Detection, Radar Signs, etc).

Seminar Wrap Up: Bringing it all together: Being prepared today, tomorrow and beyond. We will discuss budgeting, Grants, Advocacy (IMSA, AASHTO, FHWA, ITS, etc).

General Traffic Controls, Inc, 2915 11th Ave SW, P.O. Box 1000, Spencer, IA 51301
