RX1400

Rugged, small form factor Ethernet switch, serial server and TCP/IP router with LTE and fiber optic WAN options, that enables secure, cost effective, large scale deployment of communications and processing power for harsh environment applications.

Benefits:

- * Cost effective
- * High availability
- * Space saving installation
- * Reduced maintenance costs

RS900

This is a 9-port utility grade, Ethernet switch. Designed to operate reliably in electrically harsh and climatically demanding environments.

Benefits:

- * Up to 9 ports
- * Industry standard fiber optic connectors: LC, SC, ST, MTRJ
- * Multimode and single-mode optical transceivers.
- * Long-haul optics allow distance up to 90 km.
